

If I was a Supervillain...? By Blue Lion, The Evangelist

A T.V. interview would take place.

*A reporter would walk into a room like an old library/study, with many books & shelves, a globe of the Earth would be somewhere in the foreground, two leather chairs both facing each other. Between the wood and the leather, the room is brown and dark. Long drab drapes are hung on the windows letting in an inkling of light. Just enough to be gloomy!
A camera is facing the chairs, waiting for the interview... The reporter walks in.*

Reporter- He's late! This guy maybe the most powerful villain in the world, but that does not do anything for me... my time is valuable! I wonder when he's going to get here? Who would have thought villains don't respect people?

Just then from a shadow in the room, a voice,
Anonymous voice-"Oh', but I am here, Mrs. Hiltsin!"

Turning her head to see the subject of her interview emerge from the shadows in the room, only now revealing that he was there the whole time. Like a shadow wearing a black trench coat and fedora. His face was covered by a black pullover mask with no eye slits or mouth hole, just a faceless blank, further he wore black leather gloves, the finest kind and a pair of motorcycle boots, the ones with the leather strap and metal ring near the heel. As an Olympic diver glides into the water, he glided out of the darkness, without disturbing the quiet of the room. Fear gripped the reporter and she stood without words, as the living shadow walked towards her, trench coat flailing behind him.

Reporter- You were here the whole time?

Supervillain- You work on T.V. Mrs. Hiltsin, you should be used to people watching you... Please, sit down. It's getting late. Shall we begin?

Gathering herself.

Reporter- "Yes, lets get this underway."

Both party sit and the conversation commences.

Reporter- Sir, why do you do, what you do?

Villain- Thank you for interviewing me, Mrs, Hiltson... May I call you Terry?

Terry- You just did!

Villain- Ha Ha Ha! How witty! I hope it does not cause your undoing...

In answer to your question, simply put, I'm evil. Very straightforward.

I did not have a rough childhood, I was not the victim of tragic circumstances. I did not have a hard life, I was not abused. I have evil within me. Just like everyone, boy, girl, young, old. I just choose to let it out and get out of the way...

We all let the evil out from time to time. Some are just better at forcing it down, but eventually it comes to the surface. I do not restrain my evil, it restrains me...

Evil is not something I possess. It possesses me.

(Change invoice tone, more deep)

Next question.

Terry- Wow...Wow!

Villain- Yes...

Terry- Lets move on!

Perhaps you could tell us your name, or what you like to be called?

Villain- Please, you may refer to me as "Sinful man".

Terry- Sinful man?

Terry- I'm sure our viewers want to know how you became evil, or sinful, as your name indicates?

Sinful man (SM)- That is a good question Terry, I'd be happy to respond.

The truth is I was born this way. As I mentioned evil is within all of us. It is not an outside force that breaks in. It is part of my being that radiates & out affects the world around me.

You look at me as if I'm something special, but I just as well could have been interviewing you.

Terry- What do you mean?

Sinful man (SM)- We all have an inherited nature, a sin nature. It is from the first man ever created who sinned. Since then, all humans from birth and even while they are in their mother's tummies, are sinful creatures.

Terry- (The reporter becomes indignant) Huff... (Smirk) That's hard for our viewers to believe that an innocent baby could be a sinful creature...

Sinful man (SM)- But, it's true...

Because of this condition every aspect about my person is effected. Even my thoughts are bent towards wrong.

Terry- But, what of those hard working well meaning people? What about people who never stole a dime or told a lie?

SM- You misunderstand, Terry. Good and evil are not actions as much as they are conditions. The truth is because of our condition as sinners we can't even see the evil in ourselves without Someone Greater than ourselves, showing us that we are sinful. Mrs. Hiltsin, none of us are good. I just accept it and work with what I have been given.

Terry- So evil is something that saturates all of your being. Including your mind. The way you think and interact with the world and perceive things...

SM- Yes, my mind is given to evil. But, just to clarify, it's sin. Sin is the problem that coats my mind and my thoughts.

Terry- That's even harder to believe, because you seem to have all your faculties and mental capabilities. Why should we believe that sin is affecting your thought process?

Sinful man (SM)- I'd be happy to explain Terry. Sin does not make you stupid. What it does is hijack your faculties and reasoning and points it towards evil and wickedness. My mind works beautifully, now that I let it do what it wants. Better than, it ever did when I tried to resist evil and harness it for good. It's just that my mind gravitates towards sin and wickedness. If we and speak honestly, so does your's. If your mind has ever wondered in a strange thought, or gone where you know it should not go, if you've ever plotted revenge on your enemies, if you ever made a plan to do evil, than your mind works like mines does... stop fighting and let go. See where it takes you. We are all predisposed to gravitate towards evil.

Terry- I'd rather not!
Lets keep this professional...

SM- Understood.

Well, you see it does not diminish my intelligence, but rather drives me to use my hyper-intellect to carry out certain wicked deeds, which are evil. It's like have a lot of money and spending it on what please me.

For the person, who make adult material and puts on a website, or the person making millions sells drugs, why does that come so easy to you? Because, you're tapping into the sin nature within you. Let go and fully embrace it...

Why is it so hard to produce good and so easy to come up with evil...

Do bad things, plot revenge, invent curse words, and abuse others who are made in the same Image of GOD as you are?

Because, that is our nature...

We don't love others as we should.
Good does not come naturally to us.
It's not just that we are good at being bad it's our sin nature coming through us, being acted out in this natural world.

Terry- Thank you for clarifying.
I'd like to ask my next question.
Do you regret being this way? Have you looked for help to stop?

SM- No, not at all!
Yeah, no, I like being evil... Terry.
I'm so bad, I would not change if given the chance...
If you're sinful and you know it clap your hands...
Sinful man claps his hands for show.

Terry-...
I think all of us want to know, myself included, What can we look forward to seeing you do next? Any plans for the future, perhaps a year from now?

SM- Terry, your question is important to me, I want to take the time to give it the justice it deserves. May I ask a brief pause to think before I give so great an answer?

Terry- Sure! Of course!

SM- You're too kind.
Sinful man became silent for a moment slowly dropping his head and changing his posture in his seat. In a peaceful manner, Sinful man sat in his chair... moments later, he up righted himself, and began to speak,
I want to put a Bible in the hand of every human on the planet, personally...

Terry- Wow, that is unexpected!
I don't think anyone would have thought you say that...

SM- Why so?

Terry- Because you're supposed to be evil.
That is truly unexpected...
How does that fit with who you're supposed to be, the great evil super villain? That is what you are... what you claim to be? "The Sinful man!"
What does the Bible have to do with you? Isn't that contrary to what you stand for?

SM- Oh, not at all, Terry!
You don't understand...

Terry- I'm sure no one does. Will you clarify your intent?

SM- Yes, of course!

When people meet GOD, I want for HIM to say to them, "The Truth was in your hand."

Terry- What does that mean?

for what purpose...?

I fail to see the beauty of your plan.

SM- Simple, the majority of people in the world have access to a Bible, but they never read it. The Truth of Heaven, Hell, angels, demons,

I want people to go to Hell, Terry, but I think it would be more bitter if they were holding the answer that could save them. I want them to go to Hell fully knowing the knowledge that could have saved them was in their hands...

Terry- So you want everyone to go to Hell with a Bible in their hands.

That is pretty twisted!

You are a super villain, for sure!

SM- I have always been a smooth villain. We're all twisted Terry...

We're all twisted...

He causally retorts.

Terry- So people, go to Hell, for not reading the Bible?

SM- No, Terry, you misunderstand. Please I want you and your viewers to hear me.

People don't go to Hell for not reading their Bibles, they go to Hell for not accepting JESUS as their LORD & SAVIOR. Because they don't know him as GOD. But the primary way that they can know about JESUS and the Plan of Salvation, how to avoid Hell is found in the Bible...

It's that simple, anyone who believes in JESUS Will be Saved... from Hell. John 3:16

SM- I don't want to take over the world, I want to destroy people's eternity. That is the only logical meaningful and lasting thing I can do that matters. Hell is permanent, without escape or hope. How much more, would the fire bite at them knowing that someone literally put the power to be saved from the flames in their hands, but never intended for them to use it! I want them to get to Hell and forever remember that someone put the truth in their hand, and what they did with it. Like used college textbook, or lost somewhere in their attic, or made it into a good luck charm.

I want them to starve to death, in a supermarket. In the same way I want them to die with a Bible in their hand, never knowing JESUS.

Terry-That is twisted...

Look of disgust on her face...

You put the cure in their hands and intend for them to die from the disease.

What type of cruel...??

SM- Evil is what I do... and, I'm smooth with it!

Unable to see his face, the reporter knew inwardly he was smiling.

Terry- How do you know that people won't open and read the Bibles.

SM- Because, the great majority of people treat the Bible like a magazine, they leave it laying around collecting dust. Look at the climate of the world, Terry, people are more interested in entertainment and pleasure. That's why I endorse music that defiles and degrades, and Television that pollutes their souls. They are so hooked to the bad that, when something good or pure comes towards them, they run from it. This is why some women can't find good men, they are foreign to what a good man looks like. They spend time chasing after thugs and young boys who never grow up. They have the Peter Pan disease, they're forever adolescents. They never, never grow up. No, never, never!

That is why they'll never make it to Heaven, they're interested in everything else. They don't care enough about their souls, to read the Bible and learn, that, JESUS died for them in their place and anyone who accepts HIS death by Faith alone and believes HE rose from the dead three days later will be Saved.....

I'm so confident that, I challenge your viewers to prove me wrong, Terry...

I gave them the answer, now let's see what they do with it...

Terry- You seem to know a lot about the Bible, why aren't you saved?

SM- It's the one, who does the Word, not the one, who hears. And that is the problem Terry, some many people have some knowledge of JESUS, but they don't do HIS Word. They say, HE is their Lord and Savior, but by their lives they make other statements. What to believe? Are they actually Christians, who knows? Christian means follower of CHRIST. If they can't tell, how can any...

Simply put, I don't want to be.

I don't want to follow JESUS.

I'm sure many people, who call JESUS LORD, feel the same. Why are there some many people, who claim to know JESUS and do not do what HE says in HIS Word?

I don't want to be Saved, but what is their excuse?

Many will say to JESUS, 'Lord, Lord', but HE will say to them, "Be gone from me, you, who practice iniquity.

Terry- So, you're saying that many people think they are Christians but, they're not?

SM- I am not the one to judge someone else's eternity.

What I'm saying is Faith in JESUS is all that is needed to be Saved. But, that Faith, if it's real should produce Holiness. Anyone, who meets GOD should be different afterwards, changed for the Better and live a righteous life, if they actually met GOD. In fact, a Christian has GOD, HIMSELF living inside of them to Help them live that Holy lifestyle and overcoming their sin nature they inherited from birth. The problem I see is a world of people, who claim to have had met JESUS and profess to be HIS Followers and act as thou they didn't. Faith produces good works. There's no way to deny that. There is such a thing as immature Christians, but every baby must grow up sometime.

But if a person stays immature or is weak in resisting sin and temptations, they may need help to strength themselves. Things such as, **Prayer, Church, Bible reading, Fasting**, spending time with older more **mature Christians** will strengthen them to resist sin in their life, and overcome their sin nature. Also, avoiding triggers, (those are things that entice people to sin, people, places and things), will aid in resisting sin. JESUS said, if something entices you to sin cut it off and throw it away. HE was not talking about self-harm, but rather an adamant, militant and violent stance against in our lives. Basically, submit to GOD, resist The Devil and he will flee. The Book of James, chapter 4, verse 7, to 10

The problem is that most people do the opposite. They submit to The Devil and resist GOD. They don't make time for GOD, and in fact run from HIM. They submit themselves to all the things GOD says not to do...

But, they would know that if.... they read their Bibles.

It's hard to tell, who is Saved and not. Both the immature Christian and the non-christian can look very similar.

But, to the person viewing this thinking that they can skate by an perpetual immature Christian, consider the words of JESUS, "I will separate the sheep, from the goats."

HE will separate the Wheat from the tares.

Matthew 13:21-30.

In reference to what we're speaking of, they might not be Christians and only deceiving themselves...

Terry- Excellent information, your giving me and the audience.

You have a lot of knowledge about the Bible, were you a Pastor or Preacher?

SM- Lets keep this professional Mrs. Hiltsin.

All you need to know is I am The Dark Crusader, that is all...

~~Terry~~ Mrs. Hiltsin- Understood.

Well, do you have final comments as well rap up?

SM- You know, Terry, I don't have to put a Bible in the hands of any person. The truth is, they are already without excuse. I just want to be the one who rubbed in the fact that they had it when they get to Hell.

We live in a time where the Bible is available to most electronically or physically on paper. They can get Saved at any time. I'm banking on, them not taking interest in even knowing the condition of their soul and where it will spend eternity.

What's more, there is evidence of GOD in all aspects of creation. GOD exist, and HE Signed HIS work. Just look at the Heavens, how they move or look at the workings of subatomic particles. No one will have an excuse when they see GOD to say, "I did not know!"
The fact is it more like they were too busy or didn't care.
It was in their hands, Heaven is accessible if they just opened and read it...

Mrs. Hiltsin - Wow, that really was quite Beautiful!

SM- Thank you Terry, I really do try! I'm really a sensitive person, Mrs. Hiltsin.
When I'm not committing acts of sin, I write poetry. You should read sometime.
I enjoyed all your questions. It gave me a chance to reflect on my own thoughts Thank you!
I must excuse myself at this time, I have some work I must finish...
But, I'd really like for you have this as a token of my esteem...

Gently reaching over to the stand next to his chair, Sinful man presents her with a copy of the Bible, a beautiful leather bound edition, with gold trim pages. Smitten by the outward beauty she accepts the gift...

Mrs. Hiltsin - This is beautiful!

Sinful man- Now, you be sure to read it...

The End...

Hello,
This is Blue Lion, The Evangelist.
Thank you for reading my short story/ screenplay, I hope it entertained you, and also informed you.
I was challenged by the idea of being a villain, or an evil alternate of myself. What would he do? What would he say? What would be his motivation, for all that he does? What would be his ability? I came up with what I thought was a very nasty person, yet cool and laid back, a smooth criminal as it were.

As an Evangelist, I share the Gospel and give out information about JESUS, so that People can be Saved and make it into Heaven someday. I figured that, my "evil counter", would give out Bibles as well. But, for the purpose of condemning people, when they stand before GOD.

Sinful man made lots of intriguing comments during his interview and it shocked even me that he would put Bibles in the hands of everyone. But the point to keep in mind is not the level of evil that he descends to, but, rather that some of it was true. There is a lethargic, lackadaisical way many people handle the Bible and the things of GOD. I have met people who don't care where they go after this. They work jobs, raise children, run businesses, but it has not hit them that eventually those things will stop. And they must go somewhere.
Thou Sinful man said it, I've seen it, that people treat GOD like old magazines

I share the Message of how people can get Saved and know they are going to Heaven everywhere I go. I have notice that many people are not concerned much about their spirit or where it will go someday. The majority of people don't make time to open their Bible and learn for themselves how they can make it to Heaven.

Sinful man's was partially right that people don't want to read the Bible. And that's, scare-true. He's also, right about people having a sin nature that resists GOD and does not want anything to do with GOD, everyone one of us.

There is a part of us call the sin nature, that is literal at war with GOD and anything Holy. That's the part of us that fights against GOD to stay free and do what we want to do. This is what sinful man mentioned when he said, his mind is under the control of sin, and works better than when he tried to harness it for good.

Sinful man is not a real person, but in some sense he is. Because there's a sinful man or woman in all of us. We all have a sin nature, that is at war with GOD. He was right in his assumption that people don't seek to know GOD and will die and go to Hell because of a hard heart, that refuses to surrender and believe in JESUS.

If you hate Sinful man, I want you to know, I do too!

His comment are meant to be inflammatory and challenge you.

So, often I meet people, who don't want to hear me preach. What if I got a villain to tell them?

His statement are so off the radar that even a child could recognize the trap of sin and avoid it by running the other way towards JESUS. And that is my hope that you, the reader would be so alarmed and challenged that you would commit to JESUS, in order to get far enough away from anything like him...

Prove him wrong!

Make him a liar in regard to the assumption that no will read the Bible even if it was personal placed in their hand, at with respect as it come to you.

Don't be a mediocre or immature Christian. You'll never know for certain if your are going to Heaven.

Faith Alone in JESUS is all you need to be Saved and make Heaven. But, without the action or Holy lifestyle behind the Faith, no one knows for sure if the person is really saved or just claimed to be. Faith in JESUS Saves and it also Produces Holiness and Good works, Good deeds. Faith is an Action word.

Consider, the actions you take everyday, do they say I know JESUS and I am HIS Follower, or do they say something else?

Sinful man's boast is to close to home in many areas. He spoke truth, but it was for evil, but you read it for Good.

Many will die with some base knowledge or information about JESUS, and many own Bibles that they never read, many of them wear crosses, some pray, some even go to Church. But they never actually met JESUS and got Saved. And they will die and spend forever in Hell, for not knowing HIM. So, while The Sinful man's purpose was for wicked intent to boast, the truth is The Devil over played his hand. And now you can see through the veil that he blinded you with.

When I met people, I ask, "Do you know JESUS?" Everyone says "Yes!" But the truth is they know about JESUS, but they don't actually know JESUS, that's the fatal flaw. Cause, if they met JESUS, if they encountered HIM, they could not be the same.

Prove Sinful man wrong... at least with regard to yourself!

Let it not be said about you, "They left earth with a Bible in their hand, but I don't know where they are?!?"

You can be sure, right now, wherever you are and be Saved forever.

Salvation is a Free Gift that costed GOD everything. Will you accept it?

Here's how?

Just Believe in JESUS.

Faith Plus Nothing Equals Salvation...
